IMPORTANT NOTICE

Help us keep our community clean and safe.

Please place Blue Boxes, Wheelie Bins and Garbage Bags and Bins at Curbside by 7 o'clock in the MORNING of your regular collection day.

Our snow plows are out working through the night to clear the streets. When containers are set out the night before, especially on windy, stormy nights, they are blown onto the road creating hazards for the plows and unsightly debris on our streets and sidewalks.

Thank you for your cooperation
