Mission Statement

The Municipality of Huron East maintains a number of facilities that are available for liquor licence events

In order to ensure the health and safety of its participants and to minimize risk of liability and to protect the facilities and the and operational abilities of the Municipality or Huron East, a policy for the orderly use of alcohol during events and functions has been developed and the following document outlines these policies.

Objectives

To ensure proper operation and supervision of the Liquor Licensed Events by providing education and prevention and intervention techniques and effective management procedures. This will lower the risk of liability to Liquor Licensed Event Holders, participants, volunteers, security, and the employees, staff, and volunteers of the Municipality of Huron East.

To reinforce responsible drinking practices for consumers through appropriate operational procedures, controls, training and education.

To respect and honour the decision of abstainers not to drink alcohol and to encourage their participation by providing alternative non-alcohol beverages.

To provide a balanced use of alcohol at Liquor Licensed Events that all alcohol becomes a responsible part of a social function rather than the reason for it.

To provide a balance of licensed and unlicensed programs to ensure that consumers, abstainers, adults, youths, and families will be adequately serviced and protected.
