

Covid-19 Admission Standards

In order to have our doors open we have some health and safety protocols that are in place to prevent the further spread of COVID-19.

Please read carefully below to ensure you understand how you will be able to use the facility and take part in programs.

1. Try to plan your visit with minimal need for changing. Wear your bathing suit to the pool and home. If you need to change plan to wear something that is easy to change out and into to limit your time in the change room area. There is only 4 people allowed in the change room area at a time. Every other change stall is closed and not accessible to maintain 2 meters apart.
2. Masks must be worn when inside the building. You can take your mask off when you get in the pool, and then put it back on to exit the pool area.
3. Arrive no more than 5 minutes before your appointment to allow time for physical distancing, use hand sanitizer, review screening questions and be signed in with name and phone number.
4. Enter and exit the building using the front entrance from the parking lot. Follow the arrows marked on the floor to move to the pool area.
