

WATERING BAN

Attention Residents of Seaforth and Egmondville

In an effort to secure a safe sustainable water supply, Huron East has placed a restriction on ALL OUTDOOR WATER CONSUMPTION effective immediately, until further notice.

Your cooperation is needed.

1. Please refrain from watering lawns. Turn OFF all automatic sprinkler systems for lawns/gardens
2. Help conserve water by repairing leaking fixtures (taps, toilets, etc.) to eliminate water waste
3. Limit vehicle washing, filling pools, etc.
4. Hand water plants/gardens by filling watering cans from a rain barrel. Fill your rain barrel with the hose as needed.
5. Never water your driveway – use a broom.

Water supply is critical during long, hot, dry spells like those that we are experiencing this summer.
