

Winter Parking Restrictions in Effect

Residents are reminded winter parking restrictions are in effect starting November 1 until April 15 from 2:00 a.m. to 6:00 a.m.

There will be no parking on all roadways, streets and shoulders of the road between those times. Municipal By-Law Enforcement will be patrolling the streets and cars that are illegally parked will be ticketed/towed.

Parking on the roads is restricted during these times whether there has been snow fall or not.

Your help and cooperation in these matters is greatly appreciated and will aid in a safer winter for all.

Barry Mills, C.Tech., Huron East Public Works Manager
