EXPLANATORY NOTE

**ZONING BY-LAW NO. 52-2006
OF THE MUNICIPALITY OF HURON EAST**

PREAMBLE

This Zoning By-law was passed under Section 34 of *The Planning Act, 1990*. It implements the Official Plan for the Municipality of Huron East which was adopted by the Council of Huron East on July 29th, 2003. This Zoning By-law is comprised of both text and zoning maps.

PURPOSE

The purpose of this By-law is to provide the Corporation of the Municipality of Huron East with regulations for all forms of land use or other related matters within the municipality.

BASIS

Such regulations have been deemed necessary and in the public interest by Huron East Municipal Council in order that possible conflicts between existing and proposed land uses can be minimized or reduced in the future.

Prior to the preparation of this By-law, the Municipality of Huron East operated under five Zoning By-laws. This Zoning By-law is a comprehensive revision and consolidation of the Zoning By-laws for the former Municipalities (Village of Brussels, Town of Seaforth and Townships of Grey, McKillop and Tuckersmith) which now make up the Municipality of Huron East.

Former Municipality of

Village of Brussels
Township of Grey
Township of McKillop
Town of Seaforth
Township of Tuckersmith

Operated under the

Village of Brussels Zoning By-law 16-1987
Township of Grey Zoning By-law 12-1985
Township of McKillop Zoning By-law 26-1988
Town of Seaforth Zoning By-law 52-1984
Township of Tuckersmith Zoning By-law 37-1985

AFFECTED LANDS

The lands directly affected by this By-law can be described as consisting of all properties lying wholly or partly within the corporate limits of the Municipality of Huron East, including the Wards of Brussels, Grey, McKillop, Seaforth and Tuckersmith.

EXISTING BY-LAWS

From the coming into force of this By-law all previous By-laws of the Municipality, passed pursuant to Section 34 of *The Planning Act* or a predecessor thereof, shall be deemed to have been repealed.

DURATION

It is the intention of Huron East Municipal Council that this Zoning By-law will be effective until circumstances change to such a degree that a revision and up-dating of the By-law is required. Additional uses for specific lands may be permitted by means of a re-zoning or amendment to the Zoning By-law. It is the intention of the Council to accept and review applications to amend the Zoning By-law in order to allow the establishment of uses which are permitted by the Municipality of Huron East Official Plan.

EFFECT

This Zoning By-law is designed to regulate by prohibition all new development except that specifically allowed in the By-law. This By-law will, however, give the Council of Huron East the legal authority to review the merits of any new use which is not specifically allowed by the By-law. If Council, after studying a proposal for a new use, is satisfied that the new use is in the best interests of the Municipality, the new use may be permitted provided that a separate By-law amending this By-law is passed which would permit the new use on the specified parcel of land subject to appropriate regulations.

APPENDIX 8

REMOVAL OF (-h) HOLDING ZONE

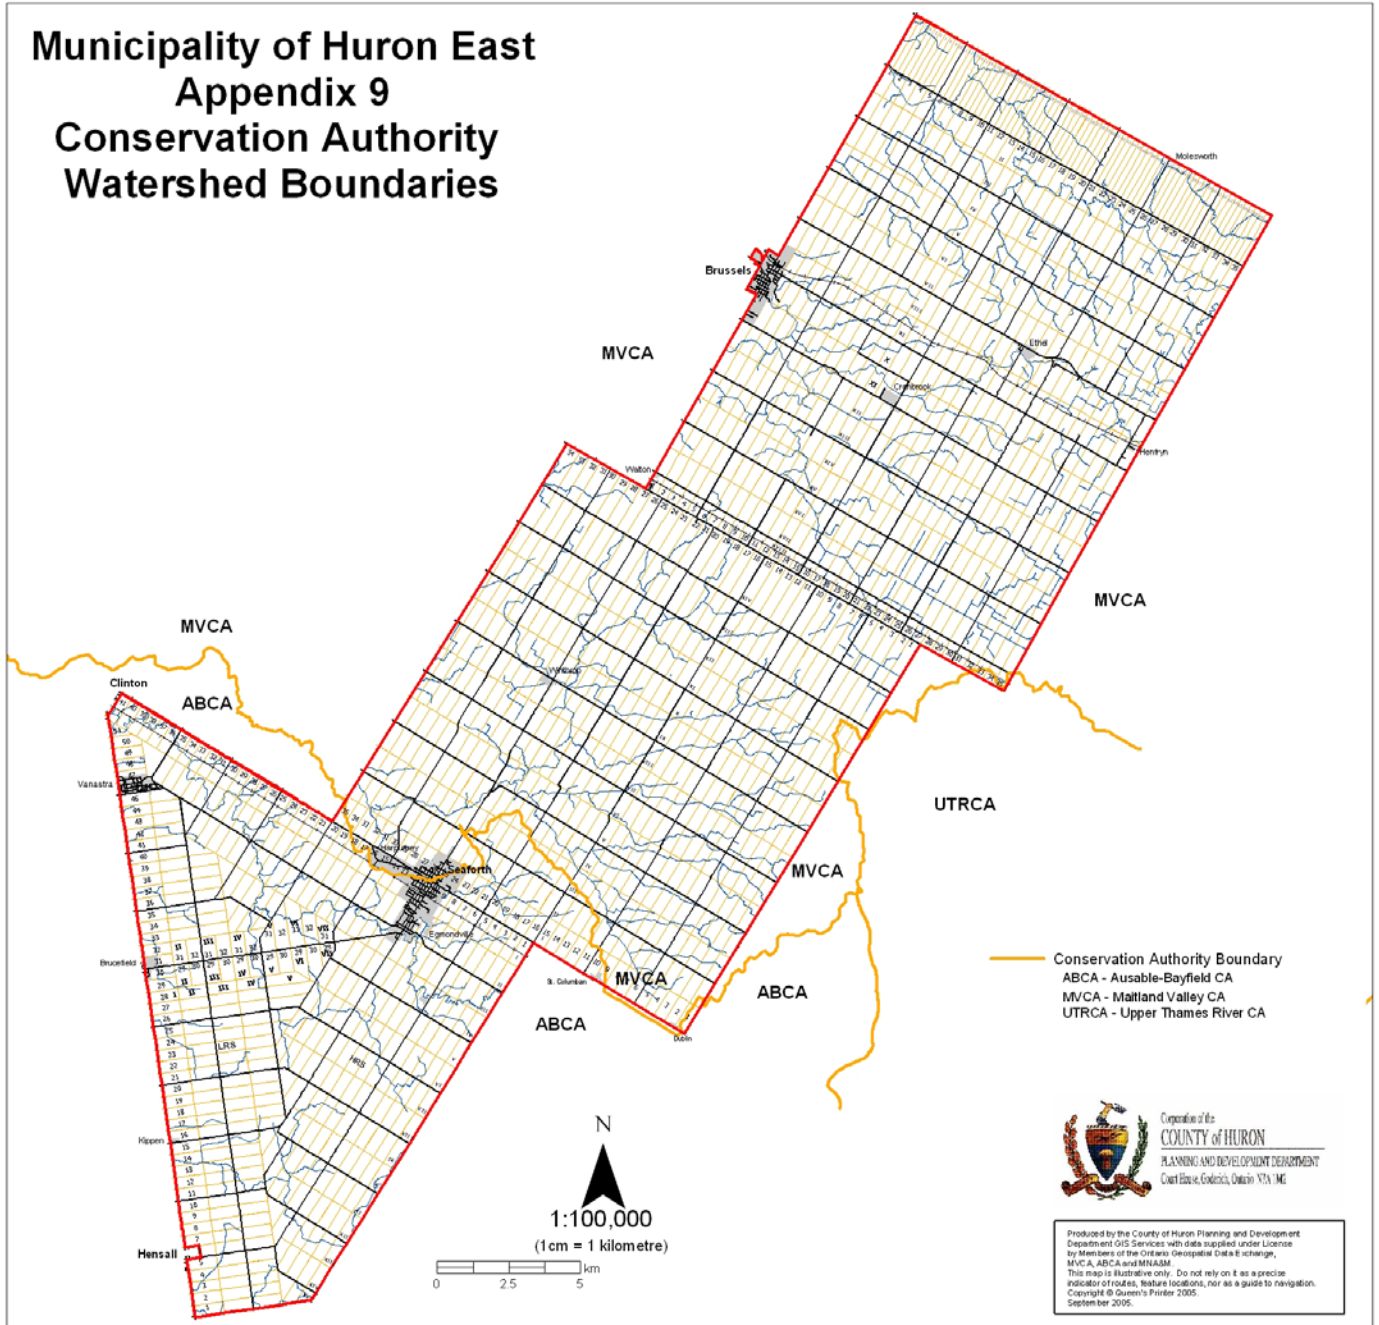

There are properties which are noted with a (-h) after the zone, e.g. R1-h. This indicates that the property is in a holding zone at present and only permits those uses in existence.

The Holding Zone is used to indicate that the subject lands are eventually to be scheduled for development of a particular type [example: Residential Low Density development is to occur on lands zoned (R1-h)]: However, there are certain conditions which should be met **before** the property can be developed. These conditions often include services such as the upgrading of a road, the installation of a road, proper water or sewage disposal facilities, etc.

The removal of the (-h) Holding Zone is a relatively simple process in that the Council merely has to indicate the intention to pass the amending by-law to remove a holding symbol. This indication only has to be sent to the subject property owner(s); and need not be sent to abutting neighbours and agencies as in the general re-zoning process.

In addition, the by-law removing the Holding Zone does not require the 20-day notice, nor is there a notice of passing procedure to be followed once the by-law is passed. Also, there is no appeal procedure. Therefore, once the Council is satisfied that the conditions (which required the placement of the Holding Zone in the first place) have been met, they can proceed with removal of the (-h) stipulation
